## **I. STATEMENT OF FACTS AND BACKGROUND**

### **A. Rand Capital Corporation.**

Rand was organized as a corporation under the laws of the State of New York on February 24, 1969. Rand is an internally-managed, closed-end investment company that has elected to be treated as a business development company (“BDC”)<sup>1</sup> pursuant to section 54 of the 1940 Act. Rand’s registration statement on Form N-2 became effective in 1971, and filed an election to be treated as a BDC on Form N-54A on August 16, 2001.

Rand’s common stock is deemed to be registered under section 12(g) of the 1934 Act by virtue of rule 12(g)-2 thereunder, and accordingly, Rand is subject to the periodic reporting requirements under section 13(a) of the 1934 Act. Rand’s common stock is traded in the over-the-counter market and is listed on the NASDAQ Small Cap Market.

Throughout its history, Rand’s principal business has been to make venture capital investments in small, early-stage and developing enterprises that are principally engaged in the development or exploitation of inventions, technological improvements, new products and services not previously generally available. Rand’s principal objective is long-term capital appreciation. Rand typically invests in debt securities of small, developing companies and concurrently acquires an equity interest in the form of stock, warrants or options to acquire stock or the right to convert debt securities into stock. Consistent with its status as a BDC and the purposes of the regulatory framework for BDCs under the 1940 Act, Rand provides managerial assistance to the developing companies in which it invests. Rand intends to continue to operate in a similar manner both directly and indirectly through its recently formed, wholly-owned, consolidated subsidiary, Rand SBIC.

Rand operates as an internally managed investment company whose officers and employees conduct its operations under the general supervision of its board of directors (the “Board of Directors”). The Board of Directors currently consists of seven persons, three of whom are interested persons within the meaning of section 2(a)(19) of the 1940 Act, and four of whom are not interested persons. Of the three persons who are interested, one is interested because he is the President and Chief Executive Officer, and two are interested because they individually beneficially own in excess of 5% of Rand’s outstanding common stock. Rand has not elected to qualify to be taxed as a regulated investment company as defined under Subchapter M of the Internal Revenue Code.

### **B. Rand Capital SBIC, Inc.**

---

<sup>1</sup> As defined under section 2(a)(48) of the 1940 Act, a BDC is an investment company that has elected pursuant to section 54 of the 1940 Act to be subject to sections 55 through 65 of the 1940 Act, that operates for the purpose of making investments in securities, and that makes available significant managerial assistance with respect to the issuers of those securities.

Rand organized the predecessor to Rand SBIC, Rand Capital SBIC, L.P. (the "SBIC Predecessor") as a limited partnership under the laws of Delaware on January 14, 2002 and caused it to be licensed by the Small Business Administration (the "SBA") as a small business investment company (an "SBIC") under the Small Business Investment Act of 1958 (the "SBA Act"). The SBA granted the SBIC Predecessor a license to operate as an SBIC on August 14, 2002. The SBIC Predecessor filed its registration statement under the 1940 Act on Form N-5 on May 16, 2002.

After lengthy discussions between Rand and the SBA regarding SBA requirements for the conversion, on December 24, 2008 the SBA granted conditional final approval for the conversion of the SBIC Predecessor into a corporation that would be licensed by the SBA to continue the SBIC operations of the SBIC Predecessor. For the purpose of effecting the conversion to corporate form, Rand caused Rand Merger Corporation, a New York corporation ("Rand SBIC"), to be incorporated on December 18, 2008. The conversion was completed on December 31, 2008, when the SBIC Predecessor and its general partner (Rand Capital Management, LLC) were merged into Rand SBIC, and the corporation's name was changed to Rand Capital SBIC, Inc.

The SBIC Predecessor and its general partner were wholly owned by Rand at all times prior to the merger, and Rand SBIC has been a wholly owned subsidiary of Rand at all times subsequent to the merger. The board of directors and executive officers of Rand hold the same positions with respect to Rand SBIC, and Rand SBIC has no directors or officers who are not directors or officers of Rand.

On February 6, 2009, Rand SBIC filed a registration statement under the 1940 Act on Form N-5 and a notification of registration under the 1940 Act on Form N-8A. The Applicants agree that before they may rely upon the requested order, Rand SBIC will file a Form N-54A and elect to be regulated as a BDC under the 1940 Act.

Rand has operated and will operate Rand SBIC for the same investment purposes, and Rand SBIC has and will invest in the same kinds of securities, as Rand. Rand SBIC's operations have been and will be consolidated with those of Rand for financial reporting and tax purposes.

## **II. PROPOSED OPERATIONS AS ONE COMPANY**

### **A. Future Operations of Rand and Rand SBIC.**

As currently contemplated by Applicants, the following types of transactions may arise in the future involving Rand and its wholly-owned subsidiary, Rand SBIC.

1. Rand may from time to time make additional investments in Rand SBIC either as contributions to capital, purchases of common stock, or loans. These investments might be made for the purpose of increasing Rand SBIC's regulatory capital to allow Rand SBIC to obtain additional financing under the SBA regulations, or for the purpose of increasing the size of its "overline" limit for any one investment (defined by

SBA regulations as 20% of private capital, i.e., paid-in capital and surplus), or for the purpose of providing additional funds to Rand SBIC.

2. Rand SBIC may from time to time pay dividends and make other distributions to Rand with respect to its investments in Rand SBIC, including capital gains dividends, subject in each case to the requirements of the SBA Act and regulations of the SBA.
3. Rand SBIC might from time to time make loans or other advances to Rand, other than on account of purchases of common stock of Rand SBIC, subject in each case to the requirements of the SBA Act and regulations. Such loans and advances might be made for the purpose of providing funds to Rand with which to pay dividends, to make investments for its own account, or to pay operating expenses. Rand SBIC will not purchase or otherwise acquire any of the common stock of Rand.
4. Rand and Rand SBIC might determine from time to time to invest in securities of the same issuer, simultaneously or sequentially, in the same or different securities of such issuer, and to deal with such investments separately or jointly.
5. Rand and Rand SBIC might from time to time purchase all or a portion of the portfolio investments held by the other in order to enhance the liquidity of the selling company or for other reasons, subject in each case to the requirements of the SBA Act and SBA regulations.
6. Rand's directors and principal executive officers will have the same positions with respect to Rand SBIC.

**B. Exemptive Relief Requested from Section 12(d)(1)(A) and (C).**

1. General. Section 12 of the 1940 Act applies to BDCs by virtue of section 60 of the 1940 Act. Section 12(d)(1)(A) makes it unlawful for any registered investment company to purchase or otherwise acquire the securities of another investment company, except to the limited extent permitted by sections 12(d)(1)(A)(i), (ii) and (iii). In addition, section 12(d)(1)(C) makes it unlawful for any investment company to purchase or otherwise acquire any security issued by a registered closed-end investment company, if the acquiring company (and other affiliated investment companies) would own more than 10% of the voting stock of the closed-end company.
2. Application of Section 12(d)(1)(A) and (C) to Applicants. Rand may make loans or advances to Rand SBIC, which might be considered to be acquisitions of Rand SBIC's debt or equity securities. Rule 60a-1 under the 1940 Act exempts the acquisition by a BDC of the securities of an SBIC that is operated as a wholly-owned subsidiary of the BDC from section 12(d)(1)(A) and (C) of the 1940 Act. Accordingly, since Rand is a BDC and since Rand SBIC is an SBIC operated as a wholly-owned subsidiary of Rand, the transfer of assets from Rand to Rand SBIC is exempt from the provisions of section 12(d)(1)(A) and (C) by virtue of Rule 60a-1.

Nevertheless, the provisions of section 12(d)(1) will also apply to the activities of Rand SBIC. The making of loans or advances by Rand SBIC to Rand might be deemed to violate section 12(1) if the loans or advances are construed as constituting purchases by Rand SBIC of the securities of Rand.

3. Requested Exemptions. Section 12(d)(1)(J) of the 1940 Act provides that the Commission may exempt persons or transactions from any provision of section 12(d)(1) if and to the extent such exception is consistent with the public interest and the protection of investors. Therefore, Applicants request an order of the Commission exempting from the provisions of section 12(d)(1) of the 1940 Act the acquisition by Rand SBIC of any securities of Rand representing indebtedness.

**C. Exemptive Relief Requested from Sections 57(a)(1) and (2).**

1. General. Sections 57(a)(1) and (2) of the 1940 Act make it unlawful for any person related to a BDC, in the manner described in section 57(b), or any affiliated person of that person (1) to sell any security or other property to such BDC or to any company controlled by such BDC (except securities of which the buyer is the issuer or securities of which the seller is the issuer and which are part of a general offering to the holders of a class of its securities), and (2) to purchase from any BDC or from any company controlled by such BDC any security (except securities of which the seller is the issuer).

Section 57(b) specifies the persons to whom the Section 57(a)(1) and (2) prohibitions apply. These persons include: (1) any director, officer, employee, or other member of the advisory board of a BDC or any person who controls, is controlled by, or is under common control with such director, officer, employee, or advisory board member; or (2) (A) any investment adviser or promoter of, general partner in, principal underwriter for, or person directly or indirectly either controlling, controlled by, or under common control with, the BDC (except the BDC itself and any person who, if it were not directly or indirectly controlled by the BDC, would not be directly or indirectly under the control of a person who controls the BDC), or (B) any person (i) who controls, is controlled by, or is in common control with such adviser, promoter, general partner, principal underwriter, or person controlling, controlled by, or under common control with the BDC or (ii) who is an officer, director, partner, copartner, or employee of such adviser, promoter, general partner, principal underwriter, or person controlling, controlled by, or under common control with the BDC.

2. Application of Section 57(a)(1) and (2) to Applicants. Rand will be an affiliated person of Rand SBIC by reason of its direct ownership of all of the capital stock of Rand SBIC. Rand SBIC will be an affiliated person of Rand because it will be deemed to be under the control of Rand. Accordingly, Rand is related to Rand SBIC in the manner set forth in section 57(b), and Rand SBIC is related to Rand in the manner set forth in section 57(b). Purchases or sales of securities or other property between Rand and Rand SBIC could be deemed to violate sections 57(a)(1) and (2). In addition, there may be circumstances when it is in the interest of Rand and its shareholders that Rand SBIC invest in securities of an issuer that may be deemed to be a controlled affiliate of

Rand or that Rand invest in securities of an issuer that may be deemed to be a controlled affiliate of Rand SBIC. For example, a portfolio company may be deemed to be affiliated with Rand or Rand SBIC within the meaning of section 2(a)(3)(C) of the 1940 Act as a result of Rand's or Rand SBIC's ownership of more than 25% of the portfolio company's voting securities.

If Rand were to engage in SBIC activities other than through a subsidiary, transactions with affiliated portfolio companies whether controlled or not controlled, would be permissible without Commission approval by virtue of rule 57b-1. The Commission made this clear in Investment Company Act Release 11493 (December 16, 1986) where, in adopting Rule 57b-1, it stated in relevant part:

However, non-controlled portfolio affiliates of a business development company are not among those persons whose participation in transactions with the business development company requires Commission approval (under section 57(c) [15 U.S.C. 80a-56(c)] or specific statutory findings regarding the transaction by the company's board of directors (under section 57(f) [15 U.S.C. 80a-56(f)]). The legislative history of the 1980 Amendments indicates that Congress also did not intend to require Commission approval or such specific statutory findings by the Board of Directors of a business development company for transactions between the company and a controlled portfolio affiliate. As the House Committee Report on the bill which became the 1980 Amendments states:

Conspicuously absent from the prohibitions in section 57 against transactions with the business development company are persons which it controls or of which it holds at least 5 percent of the outstanding securities. Also omitted from the prohibitions are persons affiliated with such so-called "downstream affiliates" of the business development company. In this regard, it should be noted that the Commission has undertaken through rulemaking to exempt all investment companies from prohibitions relating to transactions solely between investment companies and such downstream affiliates. The Committee again wishes to note that if experience demonstrates that under such exclusion from statutory prohibitions investors are not being adequately protected, the Committee would expect to revisit this area.

H.R. Rep. No. 1341, 96<sup>th</sup> Cong., 2d Sess. 48 (1980) ["Committee Report"] (emphasis added). However, due to an apparently inadvertent drafting error, Business Development Company transactions involving controlled portfolio affiliates and certain affiliated persons of such affiliates must be approved by the Commission. The Commission proposes to correct this error by the rulemaking.

As pointed out in the House Committee report, even if Rand were an investment company but not a BDC, it would be exempt from prohibitions relating to transactions between itself and its downstream affiliates. See rules 17a-6 and 17d-1(d)(5) and (6). Thus, transactions between BDCs or investment companies and their downstream affiliates are exempt from the prohibitions of Sections 57(a) and 17(a) and (d). However, without the order requested by this application, transactions between Rand SBIC and controlled portfolio companies of Rand, and transactions between Rand and controlled portfolio affiliates of Rand SBIC, may violate Section 57(a) of the 1940 Act.

As a condition of the grant of the order sought by this application, Rand undertakes that (1) Rand will at all times beneficially own, and directly or through a wholly owned subsidiary, hold of record, all of the outstanding capital stock of Rand SBIC and (2) Rand SBIC will at all times be wholly-owned by Rand and will therefore never have public shareholders. Moreover, the persons on the board of directors of Rand will at all times be the persons who serve on the board of directors of Rand SBIC. Thus, Rand and Rand SBIC should not be precluded from investing in the portfolio affiliates of each other when those investments would be permitted if Rand and Rand SBIC were treated as one combined company.

3. Requested Exemptions. Accordingly, the Applicants respectfully request an order of the Commission pursuant to section 57(c) exempting from the provisions of section 57(a)(1) and (2) any transaction solely between Rand and Rand SBIC with respect to the purchase or sale of securities or other property. The Applicants also request an order of the Commission exempting from the provisions of section 57(a)(1) and (2) any transaction involving Rand and/or Rand SBIC and portfolio affiliates of either or both of Rand and/or Rand SBIC, but only to the extent that any such transaction would not be prohibited if Rand SBIC (and all of its assets and liabilities) were deemed to be part of Rand and not a separate company. It is the intent of this request only to permit Rand and Rand SBIC to do that which they otherwise would be permitted to do within the provisions of the 1940 Act if they were one company, as opposed to Rand SBIC being a wholly-owned subsidiary of Rand.

**D. Exemptive Relief Requested from Sections 21(b) and 57(a)(3).**

1. General. Section 57(a)(3) of the 1940 Act makes it unlawful for certain affiliated persons of a BDC, and certain affiliated persons of such persons, to borrow money or other property from such BDC or from any company controlled by such BDC (unless the borrower is controlled by the lender), except as permitted by section 21(b) or section 62. Section 21(b) (made applicable to BDCs by section 62) provides that it shall be unlawful for a BDC to lend any money or property, directly or indirectly, to any person that controls or is under common control with the BDC, except to any company that owns all of the outstanding securities of the BDC other than directors' qualifying shares.

2. Application of Sections 21(b) and 57(a)(3) to Applicants. Rand will be an affiliated person of Rand SBIC by reason of its direct ownership of all of the capital stock of Rand SBIC. Rand SBIC will be an affiliated person of Rand because it will be deemed to be under the control of Rand. In addition, the directors and principal executive officers of Rand are also the directors and principal executive officers of Rand SBIC, so that Rand and Rand SBIC may be deemed to be under common control. Accordingly, Rand is related to Rand SBIC in the manner set forth in section 57(b), and Rand SBIC is related to Rand in the manner set forth in section 57(b). Rand SBIC is also controlled by Rand within the meaning of Section 21(b) of the 1940 Act, and Rand SBIC and Rand may be deemed to be under common control.

There may be instances when it would be in the best interests of Rand and its shareholders for Rand to make loans to Rand SBIC. If Rand makes loans to Rand SBIC, the loans may be prohibited by section 21(b) because Rand and Rand SBIC may be deemed to be under common control. There may also be instances when it would be in the best interests of Rand and its shareholders for Rand SBIC to make loans to Rand. In the case of loans from Rand SBIC to Rand, the loans would be prohibited by section 21(b) and section 57(a)(3) because in those cases, the borrower controls the lender and the lender may have outstanding securities (such as, SBA-guaranteed debentures) not owned by the borrower.

3. Requested Exemptions. Accordingly, the Applicants respectfully request an order of the Commission pursuant to section 57(c) exempting from the provisions of section 57(a)(3) the borrowing of money or property by Rand from Rand SBIC. The Applicants also respectfully request an order of the Commission pursuant to section 6(c) exempting from the provisions of section 21(b) the lending of money or other property by Rand SBIC to Rand, and by Rand to Rand SBIC. It is their intent by this request to permit Rand and Rand SBIC to do that which they otherwise would be permitted to do within the provisions of the 1940 Act if they were one company, as opposed to Rand SBIC being a wholly-owned subsidiary of Rand. As a condition of the order sought by this Application, Rand agrees that for the purposes of analysis under section 57(a)(3) and 21(b), Rand SBIC will always be collapsed into Rand, and, without further order of the Commission, Rand and Rand SBIC will never be deemed separate entities in order to elicit more liberalized treatment under the 1940 Act.

**E. Exemptive Relief Requested from Sections 57(a)(4) and Rule 17d-1.**

1. General. Sections 57(a)(4) (made applicable to BDCs by section 57(i)) makes it unlawful for a person related to a BDC as described in section 57(b), acting as principal, knowingly to effect any transaction in connection with any joint enterprise or joint arrangement in which the BDC, or a company controlled by such a BDC, is a joint or joint and several participant with that person in contravention of such rules and regulations as the Commission may prescribe for the purpose of limiting or preventing participation by the BDC or controlled company on a basis less advantageous than that of the other person. Section 57(i) of the 1940 Act states that the rules and regulations of the Commission under section 17(d) of the 1940 Act applicable to registered closed-end investment companies (e.g., Rule 17d-1) shall be deemed to apply to transactions subject

to section 57(a) of the 1940 Act until the adoption by the Commission of rules and regulations under Section 57(a).

Rule 17d-1 under the 1940 Act prohibits an affiliate -- or, when applying Rule 17d-1 to implement section 57(a)(4), a person related to a BDC in a manner described in section 57(b) -- acting as principal, from participating in, or effecting any transaction in connection with, any joint enterprise or other joint arrangement or profit-sharing plan in which any such BDC, or a company controlled by such BDC, is a participant, except pursuant to an order of the Commission. Rule 17d-1(d)(5) grants exemptions for certain transactions described therein where so-called "upstream affiliates" of any registered investment company participants are also participants in the transaction.

2. Application of Sections 57(a)(4) and Rule 17d-1(a) to Applicants. As described above, Rand and Rand SBIC are affiliates of each other. There may be circumstances when it is in the interest of Rand and its shareholders that Rand and Rand SBIC invest in securities of the same issuer, either simultaneously or sequentially, in the same or different securities of such issuer, and that they deal with their investments separately or jointly. Such transactions would not involve upstream affiliates of any party (except for Rand as a controlling person of Rand SBIC).

Also, these activities could conceivably involve joint investments in persons under the common control of Rand and Rand SBIC, in which case the exemption provided by rule 17d-1(d)(5) does not appear to be available. However, if Rand and Rand SBIC were one combined investment company, rule 17d-1(d)(5) would exempt transactions between that company and downstream affiliates, and if they were one combined BDC, the transactions would be exempted by Rule 57b-1. Because these exemptions may not be available in the circumstances described, the Applicants submit that it is reasonable and fair to permit these kinds of transactions since Rand would not be subject to the provisions of section 57(a)(4) and rule 17d-1 had it decided to conduct its SBIC activities itself rather than through a wholly-owned subsidiary.

3. Requested Exemptions. Accordingly, the Applicants respectfully request an order of the Commission pursuant to section 57(i) and rule 17d-1 permitting any joint transaction that would otherwise be prohibited by section 57(a)(4) of the 1940 Act and rule 17d-1 under the 1940 Act, between Rand and Rand SBIC with respect to any transfer of assets to Rand SBIC or operations thereafter, and any transaction involving investments by Rand or Rand SBIC in portfolio companies in which either is or is proposed to become an investor, but only to the extent that the transaction would not be prohibited if Rand SBIC (and all of its assets and liabilities) were deemed to be part of Rand, and not a separate company. As stated above, the intent of this request is only to permit Rand and Rand SBIC to conduct their businesses as otherwise permitted by the 1940 Act, as if Rand and Rand SBIC were a single company.

**F. Exemptive Relief Requested from Sections 18(a) and 61(a).**

1. General. Section 18(a) makes it unlawful for any closed-end management company to issue any class of senior security or to sell any senior security of which it is

the issuer, unless the company complies with the asset coverage and other requirements set forth in section 18(a). "Asset coverage" is defined in section 18(h) to mean a ratio which the value of the total assets of an issuer, less all liabilities not represented by senior securities, bears to the amount of senior securities. Section 18(k) provides an exemption from section 18(a)(1)(A) and (B) (relating to senior securities representing indebtedness) for SBICs. Section 61 applies section 18, with certain modifications, to a BDC.

2. Application of Sections 18(a) and 61(a) to Applicants. It appears that Rand SBIC as an investment company licensed as an SBIC under the SBA Act would, when considered by itself, be exempt from section 18(a)(1)(A) and (B) and section 61(a) by reason of the exemption provided by section 18(k). Rand, however, will have Rand SBIC, itself a BDC, as its wholly owned subsidiary. A question exists, therefore, as to whether Rand must comply with the asset coverage requirements of section 18 on a consolidated basis because Rand may be an indirect issuer of senior securities with respect to Rand SBIC indebtedness. To do so would mean that Rand would treat as its own all assets held directly by Rand and Rand SBIC (with the value of Rand's investment in Rand SBIC eliminated) and would also treat as its own any liabilities of Rand SBIC (with the intercompany receivables and liabilities eliminated), including liabilities of Rand SBIC with respect to senior securities as to which Rand SBIC is exempt from the provisions of section 18(a)(1)(A) and (B) by virtue of Section 18(k).

3. Requested Exemptions. Accordingly, the Applicants request relief under Section 6(c) from sections 18(a) and 61(a) to permit Rand to exclude from its consolidated asset coverage ratio any senior security representing indebtedness that is issued by Rand SBIC.

#### **G. Precedents.**

In preparing this Application with respect to transactions between the Applicants, Applicants have reviewed previous exemptive orders issued by the Commission granting exemptive relief similar to that requested herein. See Triangle Capital Corporation, et al., File No. 812-13355, order issued in Release IC-28437, October 14, 2008, ("Triangle Capital"); Main Street Capital Corporation, et al., File No. 812-13441, order issued in Release IC-28120, January 16, 2008, ("Main Street"); Elk Associates Funding Corporation, et al., File No. 812-11420, order issued in Release IC-24121 (November 2, 1999) ("Elk Associates"); Berthel Growth & Income Trust, et al., File No. 812-10830, order issued in Release IC- 23864, June 8, 1999, ("Berthel"); Capital Southwest Corporation, et al., File No. 812-9450, order issued in release IC-22586, March 26, 1997 ("Capital Southwest"); MACC Private Equities Inc., et al., File No. 812-9028, order issued in releases IC-20887; 34-35337, February 7, 1995 ("Private Equities"); Allied Capital Corporation II, et al., File No. 812-7434, order granted in Release IC-17492, May 16, 1990 ("Allied II"); and Greater Washington Investors ("Greater Washington"), File No. 812-6656, order granted in Release IC-16055, October 15, 1987.

In Triangle Capital, a parent BDC and its wholly-owned BDC/SBIC subsidiary obtained the same relief as requested in this application, and on the same related representations and conditions as contained in this application, except as modified to

reflect that the subsidiary in Triangle Capital was a limited liability partnership rather than a corporation. The Triangle Capital order permits a parent BDC and its wholly-owned BDC/SBIC subsidiary to engage in transactions that would be permitted if the BDC parent and its subsidiary were one company and permits the parent BDC to adhere to modified asset coverage requirements.

In Main Street, a parent BDC with an SBIC subsidiary obtained the same relief as requested in this application and on the same representations and conditions contained in this application, except as modified to reflect that the subsidiary in Main Street was not a BDC and no exemption from section 12(d)(1)(A) was required by it. The Main Street order permits a parent BDC and its wholly-owned subsidiaries (one of which is an SBIC) to engage in certain transactions that otherwise would be permitted if the BDC parent and its subsidiaries were one company and permits the parent BDC to adhere to modified asset coverage requirements.

In Elk Associates, a parent and its wholly-owned SBIC subsidiary obtained the same relief as requested in this application on similar representations and conditions contained in this application. The Elk Street order permits a parent BDC and its wholly-owned BDC/SBIC subsidiary to engage in certain transactions that otherwise would be permitted if the BDC and its subsidiary to engage in certain transactions that would otherwise be permitted if the BDC and its subsidiary were one company and permits the parent BDC to adhere to modified asset coverage requirements.

In Berthel, a parent BDC with a BDC/SBIC subsidiary obtained the same relief as requested herein, and on the same representations and conditions as contained herein, except as modified to reflect that the parent was a trust rather than a corporation and that the subsidiary was a limited liability company rather than a corporation. The Berthel order permits a parent BDC and its wholly-owned BDC/SBIC subsidiary to engage in certain transactions that otherwise would be permitted if the BDC and its subsidiary to engage in certain transactions that would otherwise be permitted if the BDC and its subsidiary were one company and permits the parent BDC to adhere to modified asset coverage requirements.

In Capital Southwest, a parent BDC with a closed-end management investment company/SBIC subsidiary, obtained exemptive relief similar to the relief requested in this application, and on the same kind of representations and conditions as contained in this application, except that the condition relating to senior security asset coverage requirements was different due to the fact that the subsidiary in Capital Southwest was not a BDC.

The Private Equities case involved a reorganization pursuant to a bankruptcy plan, which provided for the transfer of all of the capital stock of an SBIC subsidiary of the debtors to a newly created BDC, and the election of the SBIC also to be regulated as a BDC. The Allied II and Greater Washington Allied II cases involved existing SBICs that reorganized by establishing wholly-owned subsidiaries to which the parent would transfer its SBIC license. The parent company in each case remained a BDC with public ownership.

As in Triangle Capital, Elk Associates, Berthel and Private Equities, the Applicants will be structured as a BDC with an SBIC/BDC subsidiary. Accordingly, the circumstances and exemptive relief sought with respect to intercompany transactions are substantially the same, and the analysis under the 1940 Act for the intercompany transactions is the same, as in Triangle Capital, Elk Associates, Berthel and Private Equities.

Rand is requesting the ability to engage in exactly the same transactions with its SBIC subsidiary as did Triangle Capital, Main Street, Elk Associates, Berthel, Capital Southwest, Private Equities, Greater Washington, and Allied Capital II with respect to their wholly-owned SBIC subsidiaries. Because it represents the most recent order involving a BDC parent and an BDC/SBIC subsidiary, Applicants have used the Triangle Capital application as a model, making the same kind of representations and agreeing to similar conditions, except that Triangle Capital involved a limited liability partnership as the subsidiary rather than a corporation.

#### **H. Applicants' Legal Analysis.**

##### **1. Section 6(c).**

Section 6(c) of the 1940 Act permits the Commission to conditionally or unconditionally exempt any person or transaction from any provision or provisions of the 1940 Act, if and to the extent that the exemption is necessary or appropriate in the public interest and consistent with the protection of investors and the purposes fairly intended by the policies or provisions of the 1940 Act. As discussed below, the requested exemptions meet these standards.

##### **(a) The Exemptions Requested are Appropriate in the Public Interest.**

The operation of Rand as a BDC with a wholly-owned SBIC subsidiary is intended to permit Rand to engage in an expanded scope of operations beyond that which would be available to it if it conducted the SBIC operations itself. Rand and Rand SBIC will be BDCs, each will thus be engaged in operations permitted by the 1940 Act and subject to the provisions thereof, as they are applied to BDCs. Moreover, since Rand SBIC will be a wholly-owned subsidiary of Rand, any activity carried on by it will in all material respects have the same economic effect and substance with respect to Rand's shareholders as it would if done directly by Rand.

With respect to the exemptions from sections 57(a)(1) and (2), since Rand SBIC will be a wholly-owned subsidiary of Rand and since no officers or directors of Rand SBIC or of Rand, or any controlling persons or other "upstream affiliates" of Rand, will have any prohibited financial interest in the transactions described, there can be no overreaching on the part of any persons and no harm to the public interest will occur in transactions solely between Rand and Rand SBIC.

With respect to the exemptions from sections 21(b) and 57(a)(3), the transactions are solely between Rand and its wholly owned subsidiary, Rand SBIC. Thus, these transactions will have no substantive economic effect with respect to the shareholders of Rand, and there is no basis for overreaching or harm to the public interest.

With respect to the sections 18(a) and 61(a) exemption, the net effect of application of the “asset coverage” requirements on a consolidated basis as to Rand and Rand SBIC, if relief were not obtained, could be to restrict the ability of Rand SBIC to obtain the kind of financing that would be available to Rand if it were to conduct the SBIC operations itself. Section 18(k) exempts any class of senior securities representing an indebtedness issued by investment companies operating under the SBA Act from the asset coverage and other requirements of subparagraphs (A) and (B) of paragraph (1) of section 18(a), whether or not that class of senior securities representing an indebtedness is held or guaranteed by the SBA. The application of section 18(k) to Rand when operating through Rand SBIC would not expose investors to the risks of unconstrained leverage because the SBA regulates the leverage and capital structure of Rand SBIC. Accordingly, no harm to the public interest will occur if these exemptions are granted.

Based on the foregoing, it is clear that the public interest will not be harmed by the granting of the requested exemptions, while the interests of Rand and its shareholders will be enhanced.

(b) The Exemptions Requested are Consistent with the Protection of Investors and the Purposes Fairly Intended by the Policies and Provisions of the 1940 Act.

With respect to the exemptions requested in relation to transactions between Rand and Rand SBIC, as noted above, the exemptions will have no material adverse financial or economic impact on Rand’s shareholders because Rand SBIC is a wholly-owned subsidiary of Rand. Also, the representations and agreements of Rand made in this Application effectively eliminate any substantive differences between applying the regulatory framework to Rand conducting its SBIC activities as one entity and the framework applicable to Rand and Rand SBIC as separate entities.

Rand believes that the requested order would permit it and Rand SBIC to carry out more effectively (a) the purposes and objectives of the Applicants of investing primarily in small business concerns, and (b) the intent and policy of Congress as stated in and implemented by the 1940 Act, the SBA Act, and the Small Business Investment Incentive Act of 1980 (the “1980 Amendments”).

Congress intended to encourage the development of venture capital companies by the enactment of the 1980 Amendments. A principal purpose of the 1980 Amendments was to remove regulatory burdens on venture capital companies while assuring adequate protection of the interests of investors in such companies. (S. Rep. No. 958, 96th Cong. 2d Sess. 5 (1980); H.R. Rep. No. 1341, 96th Cong., 2d Sess. 21-22 (1980) reprinted in 1980 U.S. Code Cong. & Admin. News 4803-04.) The 1980 Amendments sought to eliminate provisions of the 1940 Act that created unnecessary disincentives to venture capital activities. (Id.) One goal underlying elimination of these disincentives was to

increase investment by the public, particularly institutional investors, in professionally managed venture capital companies in order to provide a new source of risk capital for small developing companies. (See Thomas & Roye, Regulation of Business Development Companies Under the Investment Company Act, 55 S. Cal. L. Rev. 895, 912 (1982)).

In adopting interim rules 60a-1 and 57b-1, the Commission recognized this goal, stating “The 1980 Amendments, which became effective immediately upon their signing by the President, represent the considerable efforts of Congress and numerous other participants, including representatives of the Commission and the “venture capital” industry, to enhance the flow of capital to small, developing businesses and financially troubled businesses.” (Investment Company Act Release No. 11493, Dec. 16, 1980 [1980 Transfer Binder] CCH Fed. Sec. L. Rep. ¶ 83,704). The Commission also stated in this Release that “it is clear that Congress did not intend to prohibit business development companies from acquiring the securities of and operating wholly-owned SBICs. Indeed, the 1980 Amendments specifically recognized the possibility of such ownership.” Subsidiary SBICs are also contemplated by the disclosure provisions of the Commission’s 1940 Act Form N-2 at Item 8.6.b.

The Applicants submit that the proposed transactions are entirely consistent with the general purposes of the 1980 Amendments. By this Application, Rand seeks relief that will allow it, considered together with its SBIC subsidiary, to expand and broaden its activities within the Congressional policies described above and without creating conflicting regulatory problems. The contemplated transactions within the parent-subsidiary structure described in this Application are clearly consistent with the general purposes of the 1940 Act, as amended by the 1980 Amendments.

2. Section 12(d)(1)(J).

Section 12(d)(1)(J) of the 1940 Act permits the Commission to conditionally or unconditionally exempt any person or transaction from any provision of section 12(d)(1) if and to the extent that the exemption is consistent with the public interest and the protection of investors.

Applicants are requesting an order of the Commission exempting them from the provisions of section 12(d)(1)(A) and (C) so that Rand SBIC may make loans or advances to Rand without creating a prohibited purchase of securities from a related BDC. Rand SBIC’s wholly-owned subsidiary status and consolidated financial reporting with Rand will both eliminate the possibility of overreaching and prevent confusion as to the financial status of Rand to Rand’s shareholders, who are the investors that the 1940 Act is intended to protect. Thus, because the making of loans or advances by Rand SBIC to Rand will enhance the ability of Rand to pursue its business without creating any possibility of overreaching or confusion as to the financial status of Rand, the requested exemption under section 12(d)(1)(J) is consistent with the public interest and the protection of investors.

3. Section 57(c).

In addition to relief under section 6(c) and 12(d)(1)(J), the Applicants request relief under section 57(c) with respect to the proposed operations as one company and certain transactions between the Applicants and portfolio companies, as specified above. Section 57(c) of the 1940 Act directs the Commission to exempt a transaction from one or more provisions of section 57(a)(1), (2), and (3) if all three of the following standards are met: (i) the terms of the proposed transaction, including the consideration to be paid or received, are reasonable and fair and do not involve overreaching of the business development company or its stockholders or partners on the part of any person concerned; (ii) the proposed transaction is consistent with the policy of the business development company as recited in the filings made by such company with the Commission under the Securities Act, its registration statement and reports filed under the 1934 Act, and its reports to stockholders and partners; and (iii) the proposed transaction is consistent with the general purposes of the 1940 Act.

(a) Under section 57(c)(1), the terms of the proposed transaction must be reasonable and fair and must not involve overreaching of the business development company or its stockholders on the part of any person. As discussed above, the proposed operations as one company will enhance efficient operations of Rand and its wholly-owned subsidiary, Rand SBIC, and allow them to deal with portfolio companies as if Rand and Rand SBIC were one company. The Applicants submit that exemptions should be granted because Rand and Rand SBIC will be effectively one company even though they will be divided into two legal entities.

Operation as essentially one company in these circumstances has been repeatedly recognized by the Commission in exemptive orders, including with respect to Triangle Capital, Main Street, Elk Associates, Berthel, Capital Southwest, Private Equities, Greater Washington, and Allied Capital II and other companies cited in the applications of those companies.

(b) As discussed above with respect to the Applicants' legal arguments under section 6(c), the contemplated transactions among the Applicants and affiliates as specified above will be reasonable and fair and will not involve overreaching on the part of any person. The Applicants believe that the requested order would permit Rand to carry out more effectively (1) its purposes and objectives of investing primarily in small business concerns, and (2) the intent and policy of Congress as stated in and implemented by the 1940 Act, the SBA Act, and the 1980 Amendments.

(c) Under section 57(c)(2), relief may be granted if the proposed transactions are consistent with the policy of the business development company as specified in filings with the Commission and reports to shareholders. The proposed operations of the Applicants as one company and the requested relief are consistent with the disclosure in Rand's filings made with the Commission under the Securities Act of 1933, its registration statement and reports filed under the 1934 Act, and its reports to its shareholders. Accordingly, this condition is met.

(d) The representations and agreements of Rand made in this Application effectively eliminate any substantive differences between (i) applying the regulatory framework to Rand conducting SBIC activities as one entity, and (ii) the framework that will be applicable to Rand and Rand SBIC as separate entities that have been granted the requested exemptions on the terms set forth in this Application. Accordingly, granting the requested exemptions is consistent with the policies and provisions of the 1940 Act and will enhance the interests of Rand's shareholders while retaining for them the important protections afforded by the provisions of the 1940 Act.

(e) With respect to the exemptions from sections 57(a)(1) and (2), since Rand SBIC is a wholly-owned subsidiary of Rand and since no officers or directors of Rand SBIC, or of Rand, or any controlling persons or other "upstream affiliates" of Rand, will have any prohibited financial interest in the transactions described with respect to operation as one company, there can be no overreaching on the part of any persons and no harm to the public interest will occur in transactions solely between Rand and Rand SBIC.

(f) Under section 57(c)(3), relief may be granted if the proposed transactions are consistent with the general purposes of the 1940 Act. The general purposes of the 1940 Act are to avoid the injuries identified in section 1(b) of the 1940 Act. Since there is no basis for believing that the requested relief will cause or increase the likelihood of any of the injuries identified in section 1(b) of the 1940 Act, the requested relief is consistent with the general purposes of the 1940 Act, and this standard is met.

In summary, the Applicants meet the standards for relief under section 57(c) with respect to the exemptions from sections 57(a)(1), (2) and (3) as described above.

4. Section 57(i), Rule 17d-1, and Section 57(a)(4).

Relief is also requested under rule 17d-1 with respect to certain joint transactions that would otherwise be prohibited by Section 57(a)(4) of the 1940 Act, including transfers of assets between the Applicants and investments in the same portfolio companies by Rand and Rand SBIC, all as described above. Section 57(i) of the 1940 Act provides that rules and regulations under section 17(d) of the 1940 Act will apply to transactions subject the section 57(a)(4) in the absence of rules under that section. The Commission has not adopted rules under section 57(a)(4) with respect to joint transactions and, accordingly, the standards set forth in rule 17d-1 govern the Applicants' request for relief. In determining whether to grant an order under section 57(i) and rule 17d-1, the Commission considers whether the participation of the BDC in the joint transaction is consistent with the provisions, policies and purposes of the 1940 Act and the extent to which participation is on a basis different from or less advantageous that that of other participants in the transaction. Two standards are established for review of Applications under rule 17d-1(b).

(a) First, the participation of an investment company in the joint enterprise or arrangement must be consistent with the provisions, policies and purposes of the 1940 Act. As discussed above with respect to the Applicants'

legal arguments under section 6(c), the proposed transactions are consistent with the policy and provisions of the 1940 Act and will enhance the interests of Rand's stockholders while retaining for them the important protections afforded by the provisions of the 1940 Act.

(b) Second, participation in proposed joint transactions may not be on a basis different from or less advantageous than that of other participants. As discussed above with respect to the Applicants' legal arguments under section 6(c), the terms of the proposed transactions are fair and reasonable and do not involve overreaching and are not less advantageous for any party.

In summary, the Applicants meet the standard for relief under rule 17d-1.

### **III. CONSOLIDATED REPORTING**

#### **A. Rand SBIC's BDC Election.**

Section 54 of the 1940 Act provides that any company defined as a "business development company" in section 2(a)(48)(A) and (B) may elect to be regulated as a BDC, that is, subject to the provisions of sections 55 through 65 of the 1940 Act and to those sections of the 1940 Act made applicable to BDCs by section 59 thereof. However, section 54 requires that in order to elect BDC treatment under the 1940 Act, such company must have "a class of equity securities registered under section 12 of the Securities Exchange Act of 1934" or have "filed a registration statement pursuant to section 12 of the Securities Exchange Act of 1934 for a class of its equity securities."

Rand has elected to be regulated as a BDC. At the time of Rand's election, Rand's common stock was exempted from registration under the 1934 Act by section 12(g)(2)(B) because it was issued by an investment company registered under section 8 of the 1940 Act. Under 1934 Act Rule 12g-2, Rand's common stock is now deemed to be registered under section 12(g)(1) of the 1934 Act because at the time of Rand's termination of its 1940 Act registration it elected to be regulated as a BDC and its election has not been withdrawn.

Rand SBIC also meets the 1940 Act's definitional requirements for a BDC. Nevertheless, Rand SBIC is and will remain a wholly-owned subsidiary of Rand with the result that Rand SBIC does not, and will not, have a class of equity securities that is listed on a national securities exchange, nor will a class of its equity securities be required to be registered under section 12 of the 1934 Act.

Section 12(g) of the 1934 Act requires any issuer that has a specified amount of assets and a specified number of holders of a class of its equity securities to register under the 1934 Act. Because all of Rand SBIC's equity securities have been and will be owned by Rand, Rand SBIC will never meet the second test of section 12(g) for the requirement to register under section 12(g). Nevertheless, section 12(g) provides that "[a]ny issuer may register any class of equity security not required to be registered by filing a registration statement pursuant to the provisions of this paragraph."

Form N-2, used for registration of securities under the Securities Act of 1933, as amended (the “1933 Act”), by any company that elects business development company treatment, specifically contemplates that a BDC may have a wholly-owned SBIC subsidiary that also is a BDC. Item 8, part 6, Business Development Companies, specifies certain information that BDCs must provide.

If the Registrant has a wholly-owned small business investment company subsidiary, disclose: (1) whether the subsidiary is regulated as a business development company or investment company under the 1940 Act . . .

SEC Form N-2, Item 8, 6.b.

The instructions contemplate exactly the same structure as that of the Applicants -- a public parent with securities registered under the 1933 Act (and under the 1934 Act) and having a wholly-owned SBIC subsidiary that is eligible to make the BDC election. This structure is also expressly contemplated by section 2(a)(46) of the 1940 Act (added by the 1980 Amendments), which allows a wholly-owned SBIC to be deemed an “eligible portfolio security” of a BDC.

The 1980 Amendments were designed to remove unnecessary and costly regulatory burdens to the entrepreneurial activities of the venture capital industry. “[T]his Bill seeks specifically to reduce some of the costs of government regulation imposed on the capital-raising process, to the extent that it can be done without sacrificing necessary investor protection.” H.R. Rep. No. 96-1341, 96th Cong., 2nd Sess. 37 (1980).

If Rand SBIC does not voluntarily register under the 1934 Act, its only alternative would be to be regulated as a closed-end investment management company. This legal result would have occurred because section 3(c)(1)(A) of the 1940 Act provides that if any company owns more than 10% of the outstanding voting securities of an issuer (such as Rand SBIC) that would be an investment company if it were not excluded from the operation of section 3(c)(1), then the beneficial ownership of the holding company will be attributed to the issuer. Accordingly, for the purposes of the 1940 Act, Rand SBIC would be an investment company that is required to register under the 1940 Act.

Requiring Rand SBIC to function as a registered management investment company while its parent operates as a business development company would increase the administrative and legal costs of operating the business. For example, different provisions regulating transactions with affiliated persons would apply (section 17(a) - (e) applies to investment companies; section 57 applies to BDCs). Any transaction would need to be reviewed under both provisions. In addition, the numerous other 1940 Act provisions made inapplicable to BDCs (and, accordingly, to Rand) by the 1980 Amendments would be applicable to Rand SBIC. This would be an illogical result, given that the types of securities to be acquired by Rand SBIC and the managerial assistance to be offered to portfolio companies of Rand SBIC fall squarely within the 1940 Act

provisions that are applicable to BDCs. Moreover, as set forth in full below, the periodic reporting requirements for Rand and Rand SBIC would be different, with Rand filing periodic reports under section 13 of the 1934 Act, and Rand SBIC filing different reports, on an unconsolidated basis, under the provisions of the 1940 Act. This is precisely the type of unnecessary regulatory burden on the provision of capital to small businesses sought to be avoided by enactment of the 1980 Amendments. Furthermore, this dual public reporting by two members of a corporate group that have the same ultimate owners could confuse shareholders and the securities markets.

In summary, the Applicants do not believe that, in these circumstances, Rand SBIC should be denied the benefits of the 1980 Amendments. To do so would defeat the attempt of the 1980 Amendments to provide a measure of regulatory relief to this SBIC, the very kind of company intended to receive such relief.

**B. Exemptive Relief Requested from Section 13 under Section 12(h) of the 1934 Act.**

1. General. Section 12(h) of the 1934 Act provides in part as follows:

The Commission may . . . upon application of an interested person, by order, after notice and opportunity for hearing, exempt in whole or in part any issuer . . . from the provisions of . . . section 13 . . . upon such terms and conditions and for such period as it deems necessary or appropriate, if the Commission finds, by reason of the number of public investors, amount of trading interest in the securities, the nature and extent of the activities of the issuer, income or assets of the issuer, or otherwise, that such action is not inconsistent with the public interest or the protection of investors.

Section 13 of the 1934 Act requires issuers who are subject to that Act to file periodic reports with the Commission.

2. Application of Section 12(h) and Section 13 of the 1934 Act to the Applicants. As outlined above, in order to be a BDC, Rand SBIC must register a class of equity securities under section 12(g) of the 1934 Act or have filed a registration statement to do so. Absent an exemptive order, such registration would subject Rand SBIC, on an unconsolidated basis, to periodic filings with the Commission, even though Rand SBIC will have only one shareholder and Rand SBIC's activities will be fully disclosed through consolidated reporting of Rand and its subsidiaries in accordance with Commission rules and generally accepted accounting principles.

3. Requested Exemption. Accordingly, the Applicants request an order of the Commission under section 12(h) of the 1934 Act exempting Rand SBIC from the reporting requirements of section 13(a) of the 1934 Act, subject to the conditions specified in section IV.B. of this Application.

**C. Precedents.**

In connection with the relief requested in this section, reference is made to: Triangle Capital Corporation, et al., File No. 812-13355, order issued in Release IC-28437, October 14, 2008, ("Triangle Capital"); Elk Associates Funding Corporation, et al., File No. 812-11420, order issued in release IC-24121 (November 2, 1999) ("Elk Associates"); Berthel Growth & Income Trust I, et al., File No. 812-10830, order issued in Release IC-23864, June 8, 1999 ("Berthel"); MACC Private Equities Inc., et al., File No. 812-9028, order issued in releases IC-20887 and 34-35337, February 7, 1995 ("Private Equities"); and Midland Capital Corporation, et al., File No. 812-5313, order issued in release IC-13021 and 34-19498, February 9, 1983 ("Midland").

In Triangle Capital, a parent BDC and its wholly-owned BDC/SBIC subsidiary obtained the same relief as requested in this application, and on the same representations and conditions as contained in this application, except as modified to reflect that the subsidiary was a limited liability partnership rather than a corporation.

In Elk Associates, Berthel and Private Equities, a parent BDC with a wholly-owned BDC/SBIC subsidiary obtained the same relief as requested herein on the basis of substantially the same representations and conditions contained herein.

In Midland, a parent BDC with a BDC/SBIC subsidiary obtained a joint exemptive order with respect to various 1940 Act issues as well as relief from reporting requirements under section 12(h) of the 1934 Act. With a two-level BDC structure, the SBIC subsidiary had for some time filed 1934 Act reports with the SEC but obtained relief from further filing in the Midland order.

Because of the factual similarity between the Triangle Capital structure and that of the Applicants, Triangle Capital has been used as a model for the relief under section 12(h) requested in this Application. Triangle Capital and the Applicants are both cases involving a BDC parent with a wholly-owned SBIC/BDC subsidiary

#### **D. Applicant's Legal Analysis.**

Section 12(h) of the 1934 Act permits an exemption from reporting and certain other provisions of the 1934 Act if the Commission finds, by reason of the number of public investors, amount of trading interest in the securities, the nature and extent of the activities of the issuer, income or assets of the issuer, or otherwise, that such action is not inconsistent with the public interest or the protection of investors.

##### **1. The Requested Order is not Inconsistent with the Public Interest or the Protection of Investors.**

If the requested order is granted, the Applicants, on a consolidated basis, will be providing to investors exactly the information required by 1934 Act reporting -- consolidated financial reports pursuant to applicable Commission rules and generally accepted accounting principles. By voluntary registration of Rand SBIC under the 1934 Act to become a BDC, but not reporting separately, the 1934 Act reporting structure for the Applicants is the same as it would have been if Rand SBIC had not voluntarily

registered. Accordingly, it is indisputable that the requested action is not inconsistent with the public interest or the protection of investors. The order will permit the two-company BDC structure specifically contemplated by the 1980 Amendments and normal, consolidated reporting under 1934 Act rules will be applicable.

The Applicants believe it was not the intent of Congress in adopting the 1980 Amendments to liberalize registration and reporting requirements for a qualified venture capital investment company parent while retaining those requirements for that parent's wholly-owned SBIC subsidiary engaged in the same business. Under the Applicants' proposed format, Rand SBIC, as a controlled subsidiary of an issuer with securities registered under the 1934 Act, will be providing the disclosure and reporting under the 1934 Act that was deemed an adequate substitute for 1940 Act registration and reporting for BDCs. As an SBIC, Rand SBIC is engaged in the type of activity -- small business capital formation -- that Congress wished to encourage with liberalized regulation under the 1940 Act. This fact is made clear by section 2(a)(46) of the 1940 Act, which provides that a wholly-owned SBIC is an "eligible portfolio security" for a BDC.

The Applicants submit that requiring detailed registration statements and imposing 1940 Act reporting requirements on an SBIC that is subject to consolidated 1934 Act disclosure and reporting requirements would be counter to Congressional intent. Much of the benefit accruing to BDCs would be thwarted by requiring detailed registration statements and duplicative reports of a BDC's wholly-owned investment company subsidiary, particularly when that investment company subsidiary is an SBIC, an entity given favored treatment under the 1940 Act and the 1980 Amendments. Applicants believe that the Congressional intent was to allow an otherwise qualified wholly-owned subsidiary of a BDC to elect BDC status.

Further, section 12(h) establishes a number of criteria to determine whether an exemptive order is not inconsistent with the public interest or protection of investors. Among these are the number of public investors, amount of trading interest in the securities and nature and extent of the issuer's activities. Rand SBIC will have only one investor and no public investors. There will be no trading in Rand SBIC securities. Accordingly, no public interest or investor protective purpose will be served by separate Rand SBIC reporting. The nature and extent of Rand SBIC's activities are such that its activities will be fully reported through consolidated reporting in accordance with normal accounting rules. Again, there is no public or investor protective purpose to be served by separate Rand SBIC reporting.

Accordingly, the Applicants believe that their factual circumstances meet the standards for exemption under section 12(h).

#### **IV. CONDITIONS FOR EXEMPTIONS**

Applicants agree that the requested order will be subject to the following conditions.

##### **A. Capital Structure Conditions.**

1. Rand will at all times own and hold, beneficially and of record, all of the outstanding capital stock of Rand SBIC.
2. Rand SBIC will have investment policies that are not inconsistent with those of Rand and as set forth in Rand's registration statement.
3. No person will serve as a member of the board of directors of Rand SBIC unless that person is also a member of the board of directors of Rand. The board of directors of Rand SBIC will be elected by Rand.
4. Rand will not itself issue or sell any senior security, and Rand will not cause or permit Rand SBIC to issue or sell any senior security of which Rand or Rand SBIC is the issuer, except to the extent permitted by section 18 (as modified for BDCs by section 61) of the 1940 Act; provided that, immediately after the issuance or sale by Rand or Rand SBIC of any such notes or evidences of indebtedness, Rand and Rand SBIC on a consolidated basis, and Rand individually, shall have the asset coverage required by section 18(a) of the 1940 Act (as modified by section 61(a)), except that, in determining whether Rand and Rand SBIC on a consolidated basis have the asset coverage required by section 18(a) of the 1940 Act as modified by section 61(a), any borrowings by Rand SBIC will not be considered senior securities and, for purposes of the definition of "asset coverage" in section 18(h), will be treated as indebtedness not represented by senior securities.
5. Rand will acquire securities of Rand SBIC representing indebtedness only if, in each case, the prior approval of the SBA has been obtained. In addition, Rand and Rand SBIC will purchase and sell portfolio securities between themselves only if, in each case, the prior approval of the SBA has been obtained.

**B. Consolidated Reporting Conditions.**

1. Rand will (a) file with the Commission, on behalf of itself and Rand SBIC, all information and reports required to be filed with the Commission under the 1934 Act and other applicable federal securities laws, including information and financial statements prepared solely on a consolidated basis as to Rand and Rand SBIC, such information and reports to be in satisfaction of the separate reporting obligations of Rand SBIC; and (b) provide to its shareholders such information and reports required to be disseminated to Rand's shareholders, including information and financial statements prepared solely on a consolidated basis as to Rand and Rand SBIC, such reports to be in satisfaction of the separate reporting obligations of Rand SBIC. Notwithstanding anything in this condition, Rand will not be relieved of any of its reporting obligations including, but not limited to, any consolidating statement setting forth the individual statements of Rand SBIC required by rule 6-03(c) of Regulation S-X.
2. Rand and Rand SBIC may file on a consolidated basis pursuant to the preceding condition only so long as the amount of Rand's total consolidated assets

invested in assets other than (a) securities issued by Rand SBIC or (b) securities similar to those in which Rand SBIC invests, does not exceed 10%.

**V. CONCLUSION AND REQUEST FOR ORDER**

Based on the foregoing, Applicants respectfully request that the Commission issue an order pursuant to sections 6(c), 12(d)(1)(J), and 57(c) of the 1940 Act exempting Applicants from the provisions of sections 12(d)(1)(A) and (C), 18(a), 21(b), 57(a)(1) through (3), and 61(a) of the 1940 Act; under Section 57(i) of the 1940 Act and rule 17d-1 under the 1940 Act to permit certain joint transactions otherwise prohibited under section 57(a)(4) of the 1940 Act and rule 17d-1 under the 1940 Act; and under section 12(h) of the 1934 Act granting an exemption from Section 13(a) of the 1934 Act, all on the terms and conditions set forth in this Application.
