Proxy Statement

GENERAL INFORMATION

We are furnishing this Proxy Statement in connection with the solicitation of proxies by the Board of Directors of Rand Capital Corporation (“Rand” or the “Corporation” or “we”) for the Annual Meeting of Shareholders to be held on April 20, 2017 (“Annual Meeting”). Only shareholders of record at the close of business on March 1, 2017 (“Record Date”) are entitled to notice of and to vote at the Annual Meeting, and at any adjournment thereof. On the Record Date, Rand had outstanding 6,321,988 Common Shares (net of treasury shares), par value \$.10 per share (“shares”).

Each share entitles the holder to one vote. Shares cannot be voted at the Annual Meeting unless the shareholder is present or represented by proxy. If the enclosed form of proxy is returned properly executed and dated, the shares represented thereby will be voted at the Annual Meeting in accordance with the instructions contained in the proxy, unless the proxy is revoked prior to its exercise. Any shareholder may revoke a proxy by executing a subsequently dated proxy or a notice of revocation, provided that the subsequent proxy or notice is delivered to the Corporation prior to the taking of a vote, or by voting in person at the Annual Meeting.

Under the New York Business Corporation Law (the “BCL”) and our by-laws, the presence, in person or by proxy, of the holders of a majority of the outstanding shares is necessary to constitute a quorum of the shareholders to take action at the Annual Meeting. The shares that are present at the Annual Meeting or represented by a proxy will be counted for quorum purposes. Proxies submitted with abstentions and broker non-votes will be counted in determining whether or not a quorum is present. Under the BCL, once a quorum is established, Directors standing for election may be elected by a plurality of the votes cast, and other matters expected to be brought before the Annual Meeting may be approved by a majority of votes cast in favor of the matter. Votes withheld, broker non-votes, and abstentions will not be counted as votes cast on any matter and will have no effect on the results of the vote. A broker non-vote occurs when a broker holding shares for a beneficial owner does not vote on a particular proposal because the broker does not have discretionary voting power for that particular item and has not received instructions on how to vote from the beneficial owner.

This Proxy Statement and accompanying form of proxy are being mailed to shareholders on or about March 16, 2017. A copy of Rand’s 2016 Annual Report, which contains financial statements, accompanies this Proxy Statement.

We will bear the cost of soliciting proxies in the accompanying form. We do not expect to pay any compensation for the solicitation of proxies, but may pay brokers, nominees, fiduciaries and other custodians their reasonable fees and expenses for sending proxy materials to beneficial owners and obtaining their instructions. In addition to solicitation by mail, our Directors, officers and employees may solicit proxies in person or by telephone, and they will receive no additional compensation therefor.

Our office is located at 2200 Rand Building, Buffalo, New York 14203 and our telephone number is 716-853-0802.

PROPOSAL 1. ELECTION OF DIRECTORS

Six Directors are to be elected at the Annual Meeting. The six nominees were each elected at the last Annual Meeting of Shareholders held in April 2016.

Each of the nominees was recommended for re-election by the Governance and Nominating Committee, which is comprised of independent Directors. Each of the nominees has consented to serve as a Director if elected. If at the time of the Annual Meeting any nominee should be unable to serve, it is the intention of the persons designated as proxies to vote, in their discretion, for such other person as may be designated as a nominee by the Board of Directors.

Director Independence

The Board of Directors affirmatively determined that all the non-employee Directors, Erland E. Kailbourne, Ross B. Kenzie, Reginald B. Newman II, Jayne K. Rand and Robert M. Zak are “Independent Directors” under the rules of the SEC and under the rules and guidelines of the NASDAQ Stock Market. Therefore, a majority of Rand’s six-person Board of Directors is currently independent as so defined. The Board of Directors has determined that there are no relationships between Rand and the Directors determined to be independent other than service on its Board of Directors and compensation paid to those Directors.

The nominees for election as a Director at the Annual Meeting have been selected by the Independent Directors of the Board upon the recommendation of Rand’s Governance and Nominating Committee, which is comprised solely of Independent Directors in compliance with the requirements of NASDAQ Rule 5605(e)(1).

Allen F. Grum has been determined to be an “interested person” under Section 2(a)(19) of the Investment Company Act of 1940, as amended (“Investment Company Act”) with respect to Rand because he is an executive officer of Rand. Directors who are determined to be interested persons do not qualify as independent directors under the rules and guidelines of the NASDAQ Stock Market.

The Board of Directors, with reference to the SEC rules and the NASDAQ Stock Market rules and guidelines, also determined that:

- each member of the Audit Committee, the Governance and Nominating Committee, and the Compensation Committee are independent under the applicable NASDAQ Stock Market rules and guidelines and SEC rules for purposes of determining independence of members of each of those committees;
- the 2016 compensation of the executive officers of Rand was determined by a majority of the Independent Directors of the Board;
- each member of the Audit Committee also meets the additional independence requirements under Rule 10A-3(b) of the Exchange Act and NASDAQ Rule 5605(c)(2)(a); and
- each member of the Compensation Committee also meet the independence requirements under the rules and guidelines of NASDAQ Rule 5605(d).

Rand's Chairman, Mr. Newman, serves as chair of meetings of the Independent Directors. It is currently contemplated that "executive sessions" of the Independent Directors will occur at least twice during the year ending December 31, 2017. The Corporation will also hold separate committee meetings of the Board of Directors during 2017, which committees are comprised of Independent Directors.

Board Leadership Structure

Reginald B. Newman II has served as Chairman of the Board of Directors of the Corporation since 1996 and is not an "interested person" under Section 2(a)(19) of the Investment Company Act with respect to Rand. His long standing business experience is important to the Corporation's Board of Directors discussions. Robert M. Zak was appointed Vice Chair on November 5, 2014 and is not an "interested person" under Section 2(a)(19) of the Investment Company Act with respect to Rand. Allen F. Grum has served as President and Chief Executive Officer since 1996 and does qualify as an "interested person" under Section 2(a)(19) of the Investment Company Act with respect to Rand. The Corporation believes that separating the Chairman and President (CEO) roles provides independent oversight of the Corporation, enhanced leadership by the Independent Directors, and a check on management.

The Board's Role in Risk Oversight

The Board's role in the Corporation's risk oversight process consists of receiving regular reports from Rand's senior management on areas of material risk to the Corporation, including portfolio valuation, operational, financial, legal, regulatory and compliance, strategic and reputational risks. The full Board of Directors (or the appropriate committee in the case of risks that are under the purview of a particular committee) reviews these reports from management to understand and provide input on the management of these risks.

Shareholder Communications

Communications to an individual Director, to non-employee Directors as a group, or to the entire Board of Directors, should be addressed as follows: Reginald B. Newman, II, Security Holder Board Communications, 2200 Rand Building, Buffalo, New York, 14203, with an indication of the individual or subgroup (if any) to whose attention the communication is directed. All security holder communications addressed in that manner will be delivered directly to Mr. Newman, who will receive communications for the Board of Directors and non-employee Directors, and who will deliver the communication unopened to any individual indicated Director.

Meeting Attendance

Each of the current nominees is expected to attend the 2017 Annual Meeting of Shareholders, and also attended the 2016 Annual Meeting with the exception of Mr. Kailbourne who was excused due to illness. Directors are expected to attend the Annual Meeting, but such attendance is not required.

Mr. Newman was excused from one meeting of the Board due to illness and Mr. Kailbourne was excused from two meetings of the Board of Directors due to illness and therefore attended 67% of the Board of Directors meetings. All Committee members attended all eligible Committee meetings.

Compensation Committee

The Compensation Committee is comprised of Independent Board members, each of whom meet the independence requirements of the NASDAQ Stock Market and applicable law, and advises the independent members of the Board of Directors with respect to the compensation of the executive officers and reviews the criteria that form the basis for management compensation. None of the persons on the Compensation Committee are "interested persons" as defined in Section 2(a)(19) of the Investment Company Act.

The compensation levels of Rand's President and CEO and Executive Vice President were recommended by Rand's Compensation Committee and approved by the independent members of the Board of Directors, which represents a majority of its membership.

The Compensation Committee's charter may be accessed at Rand's website, www.randcapital.com.

Governance and Nominating Committee

The primary purposes of the Governance and Nominating Committee include:

- developing, recommending to the Board of Directors and assessing corporate governance policies for Rand;
- overseeing the evaluation of the Board of Directors and its committees; and
- recommending to the Board of Directors the individuals qualified to serve on Rand's Board of Directors for election by shareholders at each annual meeting of shareholders, and recommending to the Board of Directors candidates to fill vacancies on the Board of Directors.

The Governance and Nominating Committee's charter may be accessed at Rand's website, www.randcapital.com. None of the persons on the Governance and Nominating Committee are "interested persons" as defined in Section 2(a)(19) of the Investment Company Act. The Governance and Nominating Committee is comprised of members each of whom meet the independence requirements of the NASDAQ Stock Market.

Nomination of Directors

The Governance and Nominating Committee, as part of its responsibilities under its Charter, oversees the identification of qualified individuals to serve on the Board.

We seek Directors who have the required and appropriate skills and characteristics, including business experience and personal skills in finance, marketing, business and other areas that are necessary to contribute to an effective Board of Directors and who meet the criteria set forth in Rand's Corporate Governance Guidelines. We identify new Director candidates from prominent business persons and professionals in the communities Rand serves or who have a shared interest in the types of investments in which Rand transacts. We consider nominees of shareholders in the same manner as other nominees.

If a vacancy occurs on the Board of Directors, or if the size of the Board of Directors is changed, the Governance and Nominating Committee may recommend candidates to the Board of Directors for election. The Board of Directors may elect a new Director to fill any unexpired term of the seat. Annually, the Governance and Nominating Committee will recommend a slate of new and/or continuing candidates for the Board of Directors. The Board of Directors will select a slate of nominees for Director from recommendations of the Governance and Nominating Committee, and submit the slate of nominees to be voted on by shareholders at Rand's next annual meeting of shareholders. Rand's by-laws provide that an annual meeting of shareholders shall be held on the date that the Board of Directors shall determine. The number of Directors on the Board is determined by the Board of Directors, but in no event may it be less than three Directors.

Criteria and Diversity

In considering whether to recommend any candidate for inclusion in the Board's slate of recommended director nominees, including candidates recommended by shareholders, the Governance and Nominating Committee will apply the criteria set forth in Rand's Corporate Governance Guidelines. These criteria include the candidate's experience, business skill set and the ability to act in the interests of all shareholders. Our Corporate Governance Guidelines specify that the value of diversity on the Board should be considered by the Governance and Nominating Committee in the director identification and nomination process. The Governance and Nominating Committee seeks nominees with a broad diversity of experience, professions, skills, and backgrounds. The Governance and Nominating Committee does not assign specific weights to particular criteria and no particular criterion is necessarily applicable to all prospective nominees. Rand believes that the backgrounds and qualifications of the Directors, considered as a group, should provide a significant composite mix of experience, knowledge and abilities that will allow the Board to fulfill its responsibilities. Nominees are not discriminated against on the basis of race, religion, national origin, sexual orientation, disability or any other basis proscribed by law.

Code of Conduct and Business Ethics

Our Code of Conduct and Business Ethics policies require that all employees and Directors avoid conflicts of interests that interfere with the performance of their duties or the best interests of

the Corporation. These policies include additional procedures modeled on Rule 17j-1 under the Investment Company Act to prevent employees and Directors from abusing their access to information about the Corporation's investments.

Rand has adopted a Code of Conduct that applies to Rand's chief executive officer, chief financial officer, and vice president of finance, and a Business Ethics Policy applicable to Rand's Directors, officers and employees. The Code of Conduct and the Business Ethics Policy are available in the Governance section of Rand's website at www.randcapital.com.

They are also available in print to any shareholder who requests it. Rand will disclose any substantive amendments to, or waiver from provisions of, the Code of Conduct made with respect to the chief executive officer, chief financial officer or vice president of finance on its website.

Audit Committee

The Board of Directors has determined that none of the members of the Audit Committee are "interested persons" as defined in Section 2(a)(19) of the Investment Company Act. The Audit Committee is comprised of Independent Directors, all of whom meet the independence requirements of the NASDAQ Stock Market and the rules of the SEC. The Board of Directors has determined that Ross B. Kenzie is an Audit Committee financial expert (as defined by SEC regulations) (see Mr. Kenzie's relevant work experience is described in the table under "Information Regarding Directors, Nominees for Directors, and Executive Officers").

The Audit Committee's charter may be accessed at Rand's website, www.randcapital.com. The Audit Committee reviews the scope and results of the annual audit, receives reports from Rand's independent public accountants, and reports the Audit Committee's findings and recommendations to the Board of Directors.

The Audit Committee has adopted necessary reporting procedures for the confidential submission, receipt, retention and treatment of accounting and auditing complaints.

Factors used in the Audit Committee's Assessment of the External Auditor Qualifications and Work Quality:

The Audit Committee annually reviews the Corporation's independent public accountants' (the "audit firm") performance and independence in deciding whether to continue to retain such firm. In the course of these reviews, the Audit Committee considers, among other things:

- The quality and efficiency of the audit firm's historical and recent audit plans.
- The audit firm's capabilities and expertise in handling the breadth and complexity of private equity accounting, portfolio valuation and public company reporting.
- The desired balance of the firm's experience and fresh perspective occasioned by mandatory audit partner rotation every five years, and the audit firm's periodic rotation of other audit management.
- Public Company Accounting Oversight Board (PCAOB) reports on the audit firm, if any.
- The appropriateness of the audit firm's fees, which the Audit Committee evaluates, reviews and approves.

Proxy Statement Rand Capital Corporation

- The effectiveness of the audit firm's communications and working relationships with the Audit Committee and our management.
- The audit firm's independence and objectivity.
- The audit firm's tenure, having served as the Corporation's independent registered public accounting firm since 2003.
- Evaluation of the audit by our management and the Audit Committee.

The Audit Committee considers non-audit fee/services provided when assessing auditor independence. In 2016, the audit firm provided additional tax related research involving the Corporation's strategic alternatives and growth strategies review. The Audit Committee determined that this work did not impair the firm's independence.

All other non-audit services must be pre-approved by the Audit Committee prior to engagement, as required by the Audit Committee’s charter.

Audit Committee Report

The Audit Committee has reviewed and discussed Rand's audited consolidated financial statements with management. In addition, the Audit Committee has discussed with Rand's independent accountants, Freed Maxick CPAs, P.C., the matters required to be discussed by Auditing Standards 1301, *Communications with Audit Committees*.

The Audit Committee has received the written disclosures and the letter from Freed Maxick CPAs, P.C. required by the Public Company Accounting Oversight Board regarding the independent accountants' communications with the Audit Committee concerning independence, and has discussed it with them.

Based on the Audit Committee's review and discussions referred to above, the Audit Committee recommended to the Board of Directors that the audited consolidated financial statements be included in Rand's Annual Report on Form 10-K for the year ended December 31, 2016 for filing with the SEC.

COMPENSATION DISCUSSION AND ANALYSIS

Rand's principal executive officer is its President, Allen F. Grum, and Rand's principal financial officer is its Executive Vice President/Chief Financial Officer, Daniel P. Penberthy. They are Rand's Named Executive Officers ("NEOs").

The President and Chief Executive Officer and Executive Vice President serve as the Management and Investment Committee of Rand's wholly owned subsidiary, Rand Capital SBIC, Inc. ("Rand SBIC"), and are parties to a Profit Sharing Plan (the "Profit Sharing Plan") of Rand SBIC that was adopted by Rand as a requirement for the licensing of Rand SBIC as a Small Business Investment Company by the U.S. Small Business Administration ("SBA").

The Compensation Committee, all of the members of which are Independent Directors of the Board, makes determinations and recommendations to the Board of Directors with respect to the compensation of the NEOs. Each of the members (i) satisfies all of the independence requirements under the current rules and guidelines of the NASDAQ Stock Market as discussed under the "Director Independence" section of the Proxy Statement; (ii) are "outside Directors" (as defined in the regulations pursuant to Section 162(m) of the IRS Code and (iii) are non-employee Directors (as defined in Rule 16b-3 of the Exchange Act). The Compensation Committee's responsibilities and authority are set forth in the Compensation Committee charter, which is disclosed on Rand's website. The Compensation Committee recommendations are then reviewed by the Independent Directors of the Board, who are responsible for establishing such compensation. Rand's President and Chief Executive Officer is responsible for the compensation of Rand's staff other than the NEOs.

Introduction

This Compensation Discussion and Analysis is designed to provide shareholders with an understanding of our compensation philosophy and objectives as well as the analysis that we performed in setting executive compensation. It discusses the Compensation Committee's determination of how and why, in addition to what, compensation actions were taken for the NEOs.

Objectives of Rand's Compensation Programs and What they are Designed to Reward

Rand depends on the management and analytical abilities of its NEOs for its long-term success and the enhancement of long-term shareholder value. The objectives of Rand's compensation programs are to provide appropriate levels of compensation, reward above average corporate performance, recognize individual initiative and achievement, attract and retain qualified individuals to contribute to Rand's success, and motivate management to enhance shareholder value.

Key Elements of Rand's Compensation Plans and Why they are Paid:

- **Base Salary** – Base salaries meet the objectives of attracting and retaining the management talent needed to operate the business successfully. Individual salary amounts are not determined by formulas, but instead reflect the Compensation Committee's judgment with respect to each NEO's responsibility, performance, experience and past compensation, internal equity considerations and other factors, including NEO retention. Annually, the Board, on recommendation of the Compensation Committee, sets base salaries for the NEOs that it believes are appropriate given the scope of their duties and responsibilities.

- **Bonus** – Rand provides the opportunity to earn bonuses to its NEOs and staff to motivate them to achieve results that exceed the annual budget and provide value to the Corporation. The bonus is based on a qualitative consideration of individual and Corporation performance. For purposes of determining whether a bonus was warranted for 2016 performance, the Committee considered the Corporation’s operating performance, the price performance of the Corporation’s common shares, the decrease in the Net Asset Value per share and the accomplishments of each officer during the year, including the development of a long term strategy to grow the Company. The Compensation Committee considers, and may make appropriate adjustments for, unusual items that are deemed to be outside the control of the NEOs. Based upon the Committee’s analysis, no bonus was awarded for 2016.
- **Profit Sharing Plan** – Rand provides long-term incentives to its NEOs through the Profit Sharing Plan, which allows them to participate in the growth of its portfolio and aligns their interests with those of Rand’s shareholders. The terms of Rand’s license to operate Rand SBIC require that it maintain a profit sharing plan, which provides for payment by Rand of designated percentages of net realized capital gains (net of all realized capital losses and unrealized depreciation) of Rand SBIC. Amounts paid or accrued pursuant to the Profit Sharing Plan cannot exceed 20% of Rand’s net income in a given year. The Compensation Committee does not have discretion to change the amounts due under the Profit Sharing Plan. For 2016, \$635,026 for each of the NEOs was due pursuant to the Plan and is expected to be paid in 2017. (Escrow details are disclosed in the “Disbursement Triggers on Non-Equity Incentive Compensation” section below.)
- **Equity** – Although we believe that equity ownership by management enhances shareholder value, restrictions imposed by the Investment Company Act preclude Rand from offering stock options or other equity incentives to its NEOs at any time when they participate in a profit sharing plan. The Compensation Committee believes that the NEOs own shares in Rand that are significant to their respective net worth. During 2016, Mr. Grum purchased 50,000 shares and Mr. Penberthy purchased 16,667 shares, bringing their total share ownership to 173,642 shares and 84,467 shares, respectively.
- **Standard Employee Benefits** – Rand provides employee benefits it considers competitive and necessary to attract and retain talented personnel. Rand maintains a 401(k) plan for its employees under which participants may elect to contribute up to 20% of their compensation on a pretax basis, to a maximum of \$18,000 (\$24,000 if age 50 or over) for 2016. Rand makes a contribution of 1% of compensation for each participant and matches participant contributions up to 5% of compensation, subject to IRS annual compensation and contribution limits. Rand may also elect to contribute discretionary amounts under the 401(k) plan as determined by the Board. No discretionary amounts have been contributed since the 401(k) plan’s inception. Rand also provides life insurance and automobile reimbursement benefits to its NEOs.

Consideration of Prior Shareholder Advisory Vote on Executive Compensation

At our Annual Meeting, we will provide our shareholders the opportunity to vote to approve, on an advisory basis, the compensation of our NEOs. At the 2016 Annual Meeting of Shareholders, our shareholders cast 2,258,533 votes, or 95%, in favor of approving the compensation of our NEOs and 95,993 votes, or 4%, against approving such compensation, with 16,801 votes, or 1%, abstaining. Our Compensation Committee and Board value the opinions expressed by our

shareholders, including the non-binding advisory vote on executive compensation. We are mindful of the strong support our shareholders expressed for our philosophy of linking compensation to our operating objectives and the enhancement of shareholder value. As a result, our Compensation Committee took the results of the advisory vote on executive compensation into account in determining that our 2016, and anticipated 2017, executive compensation policies remain consistent with our policies in prior years and should continue to emphasize the performance, alignment, and retention objectives described above.

How the Amounts of Each Element of the Compensation are Determined and How They Fit Into Rand's Overall Compensation Objectives

Salary, Bonus and Profit Sharing

The Compensation Committee determined that the salary paid to NEOs for the 2016 fiscal year was in the best interests of shareholders. A discretionary bonus payment was not paid for 2016 to each of the NEOs for the reasons noted above. The NEOs earned a profit sharing payment under the Profit Sharing Plan. In making its determination, the Compensation Committee considered whether the salaries, bonuses and profit sharing amounts due to its NEOs were consistent with the compensation philosophy described.

The Analysis Used in Setting Compensation Levels

When making individual compensation decisions for NEOs, the Compensation Committee takes many factors into account, including the individual's role and responsibilities, performance, and experience; the overall performance of Rand; the recommendations of Board committee chairs; the individual's past compensation; and a comparison to the other NEO of Rand. The Compensation Committee may engage a compensation consultant to provide insight into setting compensation levels.

Specifically, the Committee has considered factors such as:

- total compensation in relation to Rand's size, and the composition and performance of its investments and total investment capital available;
- Rand's success in identifying appropriate investment opportunities and returns on its investments;
- the value of Rand's assets in accordance with Accounting Standards Codification 820 "fair value measurement";
- the responsibilities and duties of the NEOs;
- whether there has been any adjustment or potential recovery of prior payments resulting from the restatement of prior performance measures upon which bonus or profit sharing awards were based (no such adjustments or recovery occurred during 2014, 2015 or 2016); and
- realized income from investment exits in the consolidated Rand and Rand SBIC portfolios.

Evaluating Performance

The Compensation Committee evaluates the performance of the NEOs annually, and consults with the other Directors and committee chairs regarding that performance. The Compensation Committee also seeks the advice of the President and Chief Executive Officer in connection with the performance evaluation for the other NEO; however, the President and Chief Executive Officer is not present when the Compensation Committee meets to evaluate his performance and recommend compensation for the NEOs.

The Compensation Committee uses discretion in qualitatively evaluating individual performance and considers the following factors, among others, in recommending to the Board any annual bonus awards to the NEOs: the input of other Board Committee Chairs, and each NEO's contribution to Rand's leadership, management, strategic planning, business development, and investment returns.

Change in Control Agreements

The Corporation and the Board of Directors believes that entering into a Change in Control Agreement with each of our NEOs is in the best interest of the Corporation and its shareholders as it will assist to retain our leadership in the event of a change in control and provides our NEOs with reasonable financial security in the case of a loss of employment resulting from a change in control. The Corporation and the Board of Directors believes that it is in the best interest of the Corporation and its shareholders to have the dedication of our NEOs, without the distraction of personal uncertainties that can result from a change in control. In addition, the Corporation believes that entering into these Change in Control Agreements helps the Corporation to maintain a competitive compensation program and encourages retention of the NEOs.

On March 1, 2017, the Corporation entered into a Change in Control Agreement with each of its NEOs, which provide each NEO with certain financial benefits in the event that (i) such NEO's employment is terminated without cause (as defined in the Change in Control Agreement) (other than for death or disability (as defined in the Change in Control Agreement)) in connection with, or within eighteen months after, a Change in Control of the Corporation or (ii) such NEO terminates his employment in connection with, or within eighteen months after, a Change in Control for "Good Reason", which is defined in the Change in Control Agreements as (1) a change in the location at which such NEO performs his duties for the Corporation to a new location that is at least 50 miles from the prior location; (ii) a material decrease in such NEO's authority, duties or responsibilities; (iii) a reduction in such NEO's annual base salary or (4) a reduction in such NEO's annual bonus and profit sharing opportunity as compared to the opportunity for the prior fiscal year. As defined in more detail in the Change in Control Agreements, a "Change in Control" means the occurrence of any of the following events: (1) any person or entity becomes the beneficial owner, directly or indirectly, of securities representing more than 50% of the total voting power of the Corporation's outstanding securities; (2) a merger or consolidation of the Corporation, other than one that results in the outstanding voting securities of the Corporation prior to such merger or consolidation representing at least 50% of the total voting power after such merger or consolidation; (3) the sale or disposition by the Corporation of all or substantially all of the Corporation's assets or (4) a change in the composition of the Board of Directors that results in fewer than a majority of the Directors being Incumbent Directors (as defined in the Change in Control Agreements).

Upon the occurrence of such events, the Change in Control Agreements provide for a lump sum payment to the NEO from the Corporation in an amount equal to (i) the NEO's annual base salary then in effect plus (ii) the average of the annual incentive bonuses and profit sharing payments earned by the NEO for the last five fiscal years ended prior to the NEO's employment

termination date. However, the amount of this payment per NEO cannot exceed (and will otherwise be reduced in order not to exceed) 1.5% of the total equity capitalization implied by the Change in Control event. Prior to receipt of such payment, the Change in Control Agreements require the NEO to execute a general release agreement, which includes a general release of claims against the Corporation by the NEO and agreements by the NEO to comply with ongoing confidentiality and non-disparagement obligations.

The term of the Change in Control Agreements commenced on March 1, 2017 and shall continue in effect until December 31, 2019, with subsequent automatic extensions of the term for one (1) additional year, unless, not later than nine months prior to the conclusion of any term, the Corporation or the NEO provides notice to the other not to extend the term.

For each of the NEOs, the table below estimates the amount that each such NEO would be paid under the Change in Control Agreements if a Change in Control of the Corporation occurs and such NEO is terminated without cause or voluntarily terminates his employment for Good Reason in connection with, or within eighteen months after, the occurrence of the Change in Control event. The amounts below assume that each employment termination was effective as of December 31, 2016.

<u>Name</u>	<u>Current Annual Base Salary</u>	<u>Five Year Average of Annual Incentive Bonus and Profit Sharing Payments(1)</u>	<u>Total Payment Amount(2)</u>
Allen F. Grum	\$ 223,871	\$ 232,507	\$ 456,378
Daniel P. Penberthy	\$ 207,880	\$ 232,507	\$ 440,387

- (1) Annual incentive bonus and profit sharing payments are computed using an average of the annual incentive bonuses and profit sharing payments for the prior five completed fiscal years.
- (2) Assumes that the total amount of such payment to a NEO does not exceed 1.5% of the total equity capitalization of the Corporation as implied by a hypothetical Change in Control event. In the event that the total payment amount would be greater than 1.5% of the total equity capitalization implied by the Change in Control event, the amount of such payment will be reduced in order not to exceed 1.5% of the total equity capitalization implied by the Change in Control event.

Accounting and Tax Treatments of Compensation

The Compensation Committee's policy is to structure compensation in a way that allows it to be fully tax deductible, where doing so will further the purposes of the executive compensation programs. The Committee also considers it important to retain flexibility to design compensation programs that recognize a full range of criteria important to Rand's success, even where compensation payable under the programs may not be fully tax deductible.

Compensation Consultant

During 2016, the Compensation Committee engaged, at Rand's expense, The Burke Group to serve as compensation consultant to the Compensation Committee. The Committee assessed the independence of The Burke Group (and any individuals working on the Corporation's account on The Burke Group's behalf) in accordance with NASDAQ Listing Rules and determined that its work on behalf of the Compensation Committee raised no conflict of interest. Following such determination, The Burke Group was engaged as an independent advisor to analyze current trends in change of control agreements and develop a recommendation for a change in control strategy for Rand.

The Compensation Committee anticipates using an independent advisor periodically.

Profit Sharing Plan

We believe Rand's salaries, bonuses and the Profit Sharing Plan create an appropriate focus on long-term objectives and promote NEO retention. The terms of the SBA's license for Rand's SBIC subsidiary require it to maintain a profit sharing plan that provides for payment to the NEOs of the designated percentages of the net realized capital gains (net of all unrealized capital losses and unrealized depreciation) of the SBIC that are provided for in the Profit Sharing Plan. The Compensation Committee does not have discretion to change the amounts due under the Profit Sharing Plan.

Under the Profit Sharing Plan, Rand pays its NEOs cumulative profit sharing payments equal to 12% of realized capital gains of Rand SBIC, net of realized capital losses and unrealized depreciation of Rand SBIC, for each fiscal year of Rand SBIC, computed in accordance with the Profit Sharing Plan.

The profit sharing payments are shared equally between Rand's two NEOs, who are fully vested in the Profit Sharing Plan. Under the Investment Advisers Act of 1940 (Section 205 (b)(3)) requirements, the aggregate amount which may be paid or accrued under the Profit Sharing Plan and any other incentive based plan maintained by Rand during any fiscal year, may not exceed 20% of Rand's net income after taxes, as defined, for that fiscal year. In accordance with Investment Company Act requirements, a majority of the members of the Board who were not interested persons approved the Profit Sharing Plan on the basis that it is reasonable and fair to Rand's shareholders, and does not involve overreaching of Rand or its shareholders on the part of any person concerned.

In 2016, Rand recorded \$14,138,203 in net realized gains primarily from the sale of Gemcor and the receipt of an earn-out from the prior sale of a portfolio company offset by the realized loss due to the shutdown of one business and unrealized depreciation under the Profit Sharing Plan on 10 portfolio companies in the amount of \$4,522,280. The net result is an accrual of \$635,026 per NEO for 2016.

Disbursement Triggers on Non-Equity Incentive Compensation

Realized gains from portfolio exits are typically received by Rand in a combination of lump sum payment (cash) and a release of escrow 12 to 24 months following closing. Profit sharing payments under the Profit Sharing Plan that are accrued by the Corporation are typically disbursed to the NEOs upon the receipt of cash proceeds. If a loss or deduction to funds held in escrow occurs due to post-closing adjustments or claims, the pro-rata profit sharing obligation payable to NEOs in 2016 under the Profit Sharing Plan will be forfeited. \$66,000 of the \$635,026 accrued per NEO has been withheld pending receipt of the escrow, which is expected to occur in 2017.

Risk Considerations in our Compensation Program

The compensation of the NEOs consists of fixed and variable compensation. The fixed (or salary) portion of compensation is designed to provide a steady income so executives do not feel pressured to focus exclusively on short-term gains or annual stock price performance, which may be to the detriment of long-term appreciation and other business metrics. The variable (bonus and

profit sharing) portions of compensation are designed to reward both short- and long-term corporate performance. For short-term performance, bonuses are qualitatively determined by the Compensation Committee and approved by the Board. For long-term performance, profit sharing is determined based on realized income from portfolio investment exits, net of realized and unrealized losses and depreciation. In addition, the following risk mitigation components exist:

- Bonus payments are not tied directly to specific financial metrics, which reduces the risk that management is incented inappropriately to achieve desired targets and performance metrics;
- Maintenance of the Profit Sharing Plan is required under the terms of the SBA's license for our SBIC subsidiary, and the SBA's requirement to maintain the Profit Sharing Plan suggests that it believes that the Profit Sharing Plan provides for compensation to participants in an appropriate manner and in appropriate amounts;
- Profit sharing payments under the Profit Sharing Plan are limited by the Investment Advisors Act of 1940 to 20% of Rand's net income after taxes as defined in any fiscal year;
- The Board, Compensation Committee and independent accountants review all profit sharing calculations prior to disbursement;
- The NEOs' personal investment portfolios include significant amounts of Rand's shares, which aligns their interests with the interests of our shareholders in Rand's long-term success and stock price appreciation. At the end of 2016, Allen F. Grum owned 173,642 shares and Daniel P. Penberthy owned 84,467 shares.
- The Profit Sharing and bonus plan each have been in place for a number of years, and we have seen no evidence that they encourage unnecessary or excessive risk taking;
- Rand has specific quarterly reporting, review and approval processes with its Board of Directors, which we believe are adequate to prevent manipulation by any employee, including our NEOs; and
- The compensation and bonus of non-executive officers are qualitatively determined by the President and Chief Executive Officer, which we believe encourages a balanced approach to overall corporate performance.

Conclusion

Through the compensation and incentive structure described above, a significant portion of the amounts that may be payable as compensation have been, and will continue to be, contingent on Rand's performance, and realization of incentive benefits is closely linked to increases in long-term shareholder value. Rand remains committed to this philosophy of pay for performance, recognizing the volatility of Rand's investments may result in highly variable compensation from year to year.

In January 2017, the independent Directors of the Board approved a 7.2% increase in base salary for Mr. Grum, an 8.2% increase in base salary for Mr. Penberthy and the accrual of \$635,026 per the Profit Sharing Plan for each NEO.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Exchange Act requires Rand's Directors and executive officers, and persons who own more than ten percent of Rand's shares, to file with the SEC initial reports of stock ownership and reports of changes to stock ownership. Reporting persons are required by SEC regulations to furnish Rand with all Section 16(a) reports that they file.

To our knowledge, based solely on review of the copies of such reports furnished to Rand and written representations that no other reports were required, Rand believes all Section 16(a) filing requirements applicable to its executive officers, Directors and greater than ten percent beneficial owners of Rand's shares were complied with during the year ended December 31, 2016.

Related Person Transactions

For the year ended December 31, 2016, there were no transactions, or proposed transactions, exceeding \$120,000 in which the Corporation was or is a participant in which any related person had or will have a direct or indirect material interest.

In order to ensure that the Corporation does not engage in any prohibited transactions with any persons affiliated with the Corporation, the Corporation requires that the Audit Committee must review in advance any “related-party” transaction, or series of similar transactions, to which the Corporation or any of its subsidiaries was or is to be a party, in which the amount involved exceeds \$120,000 and in which such related party had, or will have, a direct or indirect material interest.

Directors’ and Officer’s Liability Insurance

Rand has an insurance policy from Illinois National Insurance Company effective December 31, 2016, that indemnifies (1) Rand for any obligation incurred as a result of its indemnification of its Directors and officers under the provisions of the BCL and Rand’s by-laws, and (2) Rand’s Directors and officers as permitted under the BCL and Rand’s by-laws. The policy covers all Directors and officers of Rand for the year ending December 31, 2017 for a total premium of \$25,035. No sums have been paid to Rand or its Directors or officers under the insurance contract.

PROPOSAL 2. ADVISORY VOTE TO APPROVE EXECUTIVE COMPENSATION

Subject to the rules of the SEC, we are providing shareholders with the opportunity to vote at the Annual Meeting on an advisory resolution, commonly referred to as a “say-on-pay” proposal, which will express whether or not they approve of the compensation paid to Rand’s NEOs and is required by Section 14A of the Exchange Act. The compensation of Rand’s NEOs is described under the heading “Compensation Discussion and Analysis” in this proxy statement.

The Compensation Committee and the Board of Directors have developed the philosophy and policies described in the Compensation Discussion and Analysis for the purpose of attracting, retaining, and motivating NEOs who will help Rand to achieve its strategic and financial goals. The Compensation Discussion and Analysis and the tabular disclosures regarding NEO compensation, together with the accompanying narrative disclosures, allow you to view the trends in compensation and the application of our compensation philosophy and practice over the years presented.

Shareholders are being asked to vote on the following advisory resolution:

“RESOLVED, that the shareholders of Rand Capital Corporation approve the compensation paid to its NEOs as disclosed in this proxy statement pursuant to Item 402 of Regulation S-K, including the Compensation Discussion and Analysis, compensation tables and related narrative discussion.”

Your vote is advisory and will not be binding upon the Board of Directors. Nevertheless, the Compensation Committee and the Board of Directors will take into account the outcome of the vote when considering future executive compensation arrangements. We believe that both Rand and its shareholders will benefit by maintaining a constructive dialogue between the Board and Rand’s shareholders regarding executive compensation arrangements. This proposal is one aspect of Rand’s corporate governance program and practices that helps to promote a dialogue that is intended to develop long-term shareholder value.

Our Board of Directors recommends that you vote FOR the approval of Rand’s compensation of its NEOs as disclosed in this proxy statement pursuant to the compensation disclosure rules of the SEC.

PROPOSAL 3. ADVISORY VOTE ON THE FREQUENCY OF HOLDING FUTURE ADVISORY VOTES ON EXECUTIVE COMPENSATION.

Section 14A of the Exchange Act also requires that shareholders have the opportunity, at least once every six years, to cast an advisory vote with respect to whether future executive compensation advisory votes will be held every one, two, or three years. At our 2011 Annual Meeting of Shareholders held on April 29, 2011, our shareholders indicated their preference for an advisory vote on the compensation of our NEOs to be held annually, which annual frequency was also the recommendation of our Board. Our Board subsequently determined that we would hold an advisory vote to approve the compensation of our NEOs on an annual basis until the next required vote on the frequency of such advisory votes which is to occur at our Annual Meeting of Shareholders. This vote on the frequency of such advisory votes is next anticipated to be held at the Annual Meeting of Shareholders in 2023.

Subject to the rules of the SEC, we must submit a proposal to Rand's shareholders to vote, on an advisory and non-binding basis, on a proposal on how frequently they would like to cast advisory votes on the compensation of Rand's NEOs. By voting on the proposal, Rand's shareholders may indicate whether they would prefer to hold an advisory vote on the compensation of NEOs once every one, two, or three years.

After consideration of the frequency alternatives, the Board of Directors currently believes that conducting an advisory vote on NEOs' compensation on an annual basis is appropriate and consistent with the goal of maintaining a constructive dialogue with Rand's shareholders concerning the best means for developing long-term shareholder value.

The affirmative vote of a majority of the votes cast is required for the advisory approval of this proposal. The Board will carefully consider the outcome of the vote when making future decisions regarding the frequency of advisory votes on executive compensation. Nevertheless, because the vote is advisory and non-binding, the Board may in the future decide that it is in the best interests of Rand's shareholders to hold advisory votes more or less frequently than the alternative decided by our shareholders.

Our Board of Directors recommends that you vote FOR approval of an annual (1 year) advisory vote on the compensation of Rand's NEOs.

PROPOSAL 4. RATIFICATION OF APPOINTMENT OF REGISTERED PUBLIC ACCOUNTING FIRM

Our Audit Committee has selected Freed Maxick CPAs, P.C. ("Freed"), independent registered public accounting firm, as our auditors for the year ending December 31, 2017. Although shareholder approval of the selection of Freed is not required by the Investment Company Act or our by-laws, our Board of Directors believes that it is advisable to give shareholders an opportunity to ratify this selection. If this proposal is not approved by our shareholders at the Annual Meeting, our Audit Committee may reconsider its selection of Freed.

Representatives of Freed are expected to be present at the Annual Meeting. They will have the opportunity to make a statement if they desire to do so and will be available to respond to appropriate questions from shareholders.

Our Board of Directors recommends that you vote FOR the ratification of the selection of Freed as our independent registered public accounting firm for the 2017 fiscal year.

OTHER BUSINESS

Rand does not know of any other matters that will come before the Annual Meeting. If any other matters properly come before the Annual Meeting, it is the intention of the persons designated as proxies to vote in accordance with their best judgment on such matters.

Shareholder Proposals for the 2018 Annual Meeting

Shareholder proposals intended to be presented at the 2018 Annual Meeting of Shareholders and to be considered for inclusion in Rand's proxy statement and form of proxy for that meeting must be received at Rand's offices not later than November 16, 2017. The Corporation's by-laws provide that no business may be brought before an annual meeting of shareholders unless it is specified in the notice of the meeting or is otherwise brought before the meeting by the Board of Directors or by a shareholder entitled to vote who has delivered notice to the Corporation (containing the information specified in the Corporation's by-laws) not later than 90 days nor more than 120 days in advance of the anniversary date of the prior year's annual meeting of shareholders. These requirements are separate from and in addition to the SEC's requirements that a shareholder must meet in order to have a shareholder proposal included in the Corporation's proxy statement. A shareholder wishing to submit a proposal for consideration at the 2018 Annual Meeting of Shareholders, which is not submitted for inclusion in the proxy statement, should do so between December 21, 2017 and January 20, 2018. In addition, under the Corporation's by-laws, nominations for director may be made only by the Board of Directors, by the Governance and Nominating Committee, or by a shareholder entitled to vote who has delivered written notice to the Corporation (containing the information specified in the Corporation's by-laws) not later than 90 days nor more than 120 days in advance of the anniversary date of the prior year's annual meeting of shareholders (i.e. between December 21, 2017 and January 20, 2018).

It is important that proxies be returned promptly. Shareholders are urged to complete, sign, date and return the proxy in the enclosed envelope, to which no postage need be affixed if mailed in the United States. If you attend the Annual Meeting in person you may, if you wish, withdraw your proxy and vote in person.

Multiple Copies of our Annual Report and Proxy Statement (Householding)

When more than one holder of Rand common stock shares the same address, we may deliver only one annual report and one proxy statement to that address unless we have received contrary instructions from one or more of those shareholders. Similarly, brokers and other intermediaries holding shares of Rand common stock in “street name” for more than one beneficial owner with the same address may deliver only one annual report and one proxy statement to that address if they have received consent from the beneficial owners of the stock.

Rand will deliver promptly upon written or oral request a separate copy of the annual report and proxy statement to any shareholder, including a beneficial owner of stock held in “street name”, at a shared address to which a single copy of either of those documents was delivered. To receive additional copies of our annual report and proxy statement, you may call or write Elspeth A. Donaldson, Office Manager, Rand Capital Corporation, 2200 Rand Building, Buffalo, New York 14203, telephone (716) 853-0802 or email her at eadonaldson@randcapital.com. You may also access a copy of Rand’s annual report and proxy statement on our website, www.randcapital.com, or via the SEC’s EDGAR home page, www.sec.gov/edgar/searchedgar/companysearch.html.

You may also contact Miss Donaldson at the address or telephone number above if you are a shareholder of record of Rand and you wish to receive a separate annual report and proxy statement in the future, or if you are currently receiving multiple copies of our annual report and proxy statement and want to request delivery of a single copy in the future. If your shares are held in “street name” and you want to increase or decrease the number of copies of our annual report and proxy statement delivered to your household in the future, you should contact the broker or other intermediary who holds the shares on your behalf.
