Report of Independent Registered Public Accounting Firm

To the Board of Directors of
Rand Capital Corporation

We have examined management's assertion, included in the accompanying Management Statement Regarding Compliance With Certain Provisions of the Investment Company Act of 1940, that Rand Capital Corporation (the "Corporation") complied with the requirements of subsections (b) and (c) of Rule 17f-2 under the Investment Company Act of 1940 (the "Act") as of October 10, 2019. Management is responsible for the Corporation's compliance with those requirements. Our responsibility is to express an opinion on management's assertion about the Corporation's compliance based on our examination.

Our examination was conducted in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the examination to obtain reasonable assurance about whether management's assertion about compliance with the specified requirements is fairly stated, in all material respects. An examination involves performing procedures to obtain evidence about whether management's assertion is fairly stated in all material respects. The nature, timing, and extent of the procedures selected depend on our judgement, including the assessment of the risks of material misstatement of management's assertion, whether due to fraud or error. We believe that the evidence we obtained is sufficient and appropriate to provide a reasonable basis for our opinion. Included among our procedures were the following tests performed as of October 10, 2019, and with respect to agreement of security purchases and sales, for the period from August 28, 2019 (the date of our last examination), through October 10, 2019:

- Count and inspection of all securities located in the vault of the Corporation in Buffalo, New York without prior notice to management;
- Reconciliation of all such securities to the books and records of the Corporation;
- Agreement of any additional investments in portfolio companies from the books and records of the Corporation to the related supporting documentation and/or agreements;

We believe that our examination provides a reasonable basis for our opinion. Our examination does not provide a legal determination on the Corporation's compliance with specified requirements.

In our opinion, management's assertion that the Corporation complied with the requirements of subsections (b) and (c) of Rule 17f-2 of the Investment Company Act of 1940 as of October 10, 2019 with respect to securities reflected in the investment account of the Corporation is fairly stated, in all material respects.

This report is intended solely for the information and use of management and the Board of Directors of the Corporation and the Securities and Exchange Commission and is not intended to be and should not be used by anyone other than these specified parties.
